Our Story-

Like many others seeking a place to vacation or retire, we recently purchased a home in the beautiful SunSerra development at Crescent Bar.

We soon realized much of the SunSerra population includes families with young children. Although parents enjoy spending the day on the river or at the pool with the kids, many parents are eager to explore the surrounding wine country or have a "night out" at the local attractions like The Gorge and Cave B!

As a grandmother I understand the need for parents to spend time together, and a native of Quincy, my goal is to connect SunSerra / Crescent Bar families with the local community by providing a local pool of babysitters! This is how SunSerra Sitters - "Your local Sitter solution" was started.

Please consider making SunSerra Sitters your exclusive babysitting service while enjoying the many amenities of the beautiful Columbia Basin, Crescent Bar and SunSerra Resort.

We have many plans for SunSerra Sitters future including expansion of this website, workshops to provide sitters and parents with childcare tips and even plans for day camps designed to focus on language, arts and sports.

What's next?

We'll provide you with a copy of our terms and conditions to see if our service is right for your family. If it is - you'll be provided with a copy of SunSerra Sitters "babysitters" book. Each book is issued a Client number and contains each SunSerra Sitters profile, contact information and photo. You contact your favorite sitters directly.

For the safety and confidentiality of the SunSerra Sitter profiles we ask you to provide your Client number to the SunSerra Sitters when you contact them.
